

Summer Reading 2020

For 5th Graders Going into 6th Grade

Please read a minimum of one book in June and one book in July. The books you choose should be similar to the level that you have been reading in school. Please keep a list of the books that you read over the summer including the title and author. I will give you a few options next week for keeping track of your books.

In August, we will all be reading a book called *Schooled* by Gordon Korman. I have many copies for you to borrow. If you would like one to be put into your bag of things that you will be picking up from school next week, please email me by Thursday, May 28th. You are also welcome to get your own copy. **Please do not start reading it until August 1st!** We will be working with it when we get back to school in the fall, so I'd like it to be somewhat fresh in your mind. **Summer reading is not optional.** Please email me at mkessler@hfsqb.org with any questions or concerns.
