8th Grade Machines

Our eighth graders were challenged to build a machine that uses at least three simple machines to recycle a can or pick up a paper clip. They used the engineering process to plan, test and improve their design until they met the objective. Check out a few of the projects to the right. Just click on the link! Can your child meet this challenge?

Surprise Ending for our Amazing 8th Graders

Our soon-to-be graduates went out in style on their last day! On Thursday, 8th graders and their parents met in the upper lot for a "Bullhorn Blessing" and "Honk Out" Parade down Jewitt Trail and around the block led by our very own Grand Blanc Police officers! Along Jewitt Trail, our teachers and staff honked, clapped and cheered standing alongside the personalized yard signs – one for each of our fabulous 8th graders.

On Thursday, June 11th we will be celebrating a Graduation Mass for our HFS Class of 2020. Please keep these students in your prayers as they head on into high school. You will be missed!
