

Dear Students and Parents,

As you get ready this summer for a new school year, we will be requiring you to do some reading. Studies have shown that students who read more are more successful in all academic areas of school.

**Please read a minimum of three books of your choice.** Students who will be entering Fifth Grade in the fall should read books with a minimum of 150 pages, and students entering Sixth Grade should read books with a minimum of 200 pages. The books you choose should not have pictures on most pages, such as The Diary of a Wimpy Kid and similar series and graphic novels. Please do not read a book that you have previously read; use this opportunity to read something new. **Please complete the slip below with your parent's signature to be turned in to your reading teacher during our first class.**

HAPPY READING!  
Mr. Q & Mrs. Kessler
