

Affordable Catholic Education May Be Within Reach!

While we know that Catholic schools offer an excellent education and moral formation for their students, some families opt for other schools - public, charter, private, or homeschooling - due to the lower price tag. Still, perhaps you wish that your child(ren) had the benefits of attending a Catholic school - a moral compass, faith formation, personalized learning, leadership skills, team building skills, strong organizational and study skills, a well rounded/prepared student.

Holy Family School is excited to offer

***Tuition Transfer Grants**

for new students who register in grades 1-6

Any student currently attending a public, charter, home, or private school who registers to attend Holy Family School is eligible to receive a two-year tuition grant:

\$1,000 in Year One

\$500 in Year Two

A total savings of \$1,500 for your family!

Any current school family who refers a new family will receive a \$500 tuition credit per family!! The referral form is available at hfsfgb.org, under the “Admissions” tab.

While these grants are only available to new transfer students who register at Holy Family School, they will also benefit current families by filling empty classroom seats, which increases the school's efficiency and revenue, and minimizes future tuition increases. When we fill empty seats, we add income for our school without adding the cost of additional staff. This keeps tuition costs lower for current families, attracts new families, and helps our school flourish.

If you are interested in a Tuition Transfer Grant or in registering at Holy Family School, please contact Lisa Harvey at lharvey@hfsfgb.org, or call 810.694.9072, ext. 2100 to schedule a meeting or a school tour.
